

# CompanionVan® Donation Program

BraunAbility and LAMN have partnered for a special donation program in honor of both SMA Awareness Month and the mobility's company 50<sup>th</sup> anniversary. In September we'll donate three CompanionVan conversions to individuals living with Muscular Dystrophy.

## What is a CompanionVan?

The BraunAbility CompanionVan offers the both the comfort and convenience of unaltered front row seats and center console with the industry-best BraunAbility conversion. The heavy-duty foldout ramp features an easy-lift handle and plenty of cabin space for easy maneuverability for even large power wheelchairs. The CompanionVan conversion can also be upgraded to include a power ramp, fold-down mid-row companion seat and/or a third-row footrest.\*

Because the CompanionVan conversion features mid-row accessibility and is only available on select Chrysler products, it's important to ensure you and your vehicle are good candidates for the product. Please review the following qualifications:

## What individual would be a good fit for a CompanionVan?

- ✓ Always travels with a companion who drives and is comfortable lifting and lowering a manual ramp
- ✓ Is comfortable riding in the mid-row position (not front passenger)
- ✓ Less than 53" in height while seated in wheelchair
- ✓ Less than 30.5" wheelchair width

## What vehicles qualify for a CompanionVan conversion?

- ✓ 2017-2022 Chrysler Pacifica or 2020-2022 Chrysler Voyager
- ✓ Less than 50,000 miles
- ✓ Cannot have 360 camera, overhead DVD, theatre package
- ✓ Cannot be a Hybrid, Limited, Pinnacle or AWD (all wheel drive)

## To complete an application for a CompanionVan donation, you will need to provide the following:

- ✓ VIN number of your vehicle to verify eligibility for a CompanionVan conversion
- ✓ Proof of household income (either 2021 tax return(s) for all income-contributing members of household and/or an SSI statement
- ✓ Proof of Muscular Dystrophy diagnosis on doctor's letterhead (assistance is awarded to individuals with a neuromuscular disease falling under the MD umbrella or the direct family of the affected individual).
